Hi Greg,

Hope you are doing well. I've been working on a paper with Drs. Rick Becker, David Dreier, Tony Cox and Jim Bus that I thought would be of interest to you. Please let me know if you have any questions. It would be great to receive any scientific input you might have on these findings.

Thanks and please note the paper is open access at <http://creativecommons.org/licenses/by-nc-nd/4.0/>

Best regards,

Mary
